

## Zone Substation Information

### Application Form

A person wishing to obtain zone substation information from AusNet Services under Rule 5.13A of the *National Electricity Rules* is required to provide the following details and sign the acknowledgement.

Incomplete applications will be returned to the applicant.

#### 1. Applicant details

Name:

Company name (if applicable):

Postal address:

Billing address:

Telephone number:

Email address:

#### 2. Report required

Annual zone substation report (please tick)

- Specify year or years:

Longer term zone substation report (please tick)

#### 3. Payment details

The fees payable for the zone substation reports are as follows:

- Annual zone substation report - \$22 (incl GST)
- Longer term zone substation report - \$33 (incl GST)

Upon receipt of the application, AusNet Services will issue the applicant a tax invoice for the fee payable. Upon receipt of the invoice, the applicant must contact AusNet Services on **1300 191 480** to arrange payment before the report is provided.

#### 4. Acknowledgement

By submitting this application, I acknowledge and agree that:

1. AusNet Services will provide the requested data in comma delimited format on a USB storage device, to be sent via Registered Mail, no later than 30 business days from the date of this request.
2. Any zone substation information provided by AusNet Services is raw data and AusNet Services has not analysed, assessed or validated the quality or accuracy of that data.
3. AusNet Services provides no warranty or guarantee as to the quality, accuracy or suitability for any particular purpose of the zone substation information.
4. AusNet Services will issue an invoice reflecting the relevant fees payable which must be paid before AusNet Services will provide the zone substation information.
