## MARKET ANNOUNCEMENT

### Claim by SP Ausnet

SP AusNet is the defendant in legal proceedings before the Supreme Court of Victoria concerning the 7 February 2009 Black Saturday bushfire known as the Kilmore East fire.

SP AusNet has filed its Defence in these proceedings and also filed a third party notice joining the Department of Sustainability and Environment, the Country Fire Authority, the State of Victoria (Victorian Police) and Utility Asset Management (“UAM”) to the proceedings.

UAM, a wholly owned business unit of UXC Limited, has for many years provided asset inspection services for SP Ausnet. UAM believes that it has at all times complied with its duties and obligations. UAM has extended its full support and assistance to the Bushfires Royal Commission.

UAM denies it has any liability arising from the Kilmore East fire and will vigorously defend any proceedings against it. UAM and its lawyers are considering filing further notices to join other parties to the proceedings.

UAM has liability insurance in place which provides cover for bushfire liability. UAM’s insurance coverage is consistent with industry standards and practice.

While court proceedings are in progress, it is not appropriate for further comment to be made in connection with the litigation process.
