Distribution Reinvestment Plan 2013/14 Interim Distribution – Issue Price

SP AusNet announces the Distribution Reinvestment Plan (**DRP**) issue price for the 2013/14 interim distribution is A\$1.15 per security (equivalent to approximately S\$1.31 per security and NZ\$1.26 per security*).

As previously advised, the issue price represents a 0% discount to the average of the Volume Weighted Average Price (as defined in the **DRP** Rules) of SP AusNet stapled securities sold in ordinary market transactions on the ASX during the 10 trading days immediately after the record date for the distribution, being 22 November 2013.

SP AusNet's current majority securityholder, Singapore Power International Pte Ltd, has elected to participate in the **DRP** to the extent required to maintain its current direct 51% stapled security holding.

Approximately 10 million new securities will be issued under the **DRP** on or about 23 December 2013, the payment date for the distribution. The new stapled securities will rank equally with existing securities.
